

EXPERIENCE

Experience both high grazing grounds culture and wilderness during the trips. To preserve the “calm” and silence, we do small groups of 4-6 persons + guide on our welltrained and surefooted mountain horses.

We follow rocky paths and ancient moose-trails, now and then faired by the lonely wolf or perhaps the odd bear, adds a little extra spice to the beautiful back-country. All levels of riders are welcome. Your choice of trips are as follow:
